DEPARTMENT OF LICENSING AND REGULATION

RAYMOND W. HOOD, SR., Director

August 29, 1990

The Honorable James J. Blanchard
Governor
State of Michigan
State Capitol
Lansing, Michigan

Dear Governor Blanchard:

In accordance with Section 238 of the Michigan Insurance Code of 1956, as amended, I am pleased to submit the 1989 Annual Statistical Report of the Michigan Insurance Bureau.

As part of our statutorily mandated responsibility to regulate the business of insurance in Michigan, we consistently strive to improve the level of service provided to consumers and the industry in the State of Michigan. Highlighted below are some significant developments which took place during 1989:

- A contract was entered into with the private sector for the development and administration of insurance licensing examinations. This has significantly increased the efficiency of the licensing process, making it easier and faster for individual agents and their sponsoring companies to do business in Michigan.

- The Insurance Bureau facilitated the conversion of one of Michigan's largest mutual life insurance company to a stock company and its simultaneous sale to a major insurance company with worldwide operations. With the Michigan company as the base for the parent company's U.S. life operations, expanded job opportunities in Michigan are expected.

- A consumer advisory committee was created to advise the Commissioner on current insurance issues, to assist in expanding the Bureau's public outreach efforts, and to develop a network of communication between the Bureau and consumers.

- An international insurers advisory committee was established to promote Michigan to non-U.S. insurance companies seeking to enter the U.S. market. On a worldwide basis, substantial growth is expected to come from the service industries, including the financial services sector. Since many major international insurers have not yet established a U.S. presence, the opportunity for economic growth in Michigan is potentially very large.

- A comprehensive study of the effects of changes regarding territorial rating factors on the State's auto insurance rating system was completed which, included recommendations for improving the equitableness of the system. This report will be a significant resource in future discussions of how best to address the scheduled sunset of the rating changes in the Essential Insurance Act.

The year 1989 was eventful for the Michigan Insurance Bureau. I appreciate the opportunity to have been part of it and in serving you and the people of this State as the Insurance Commissioner.

Sincerely,

Dhiraj N. Shah

Dhiraj N. Shah
Acting Commissioner of Insurance

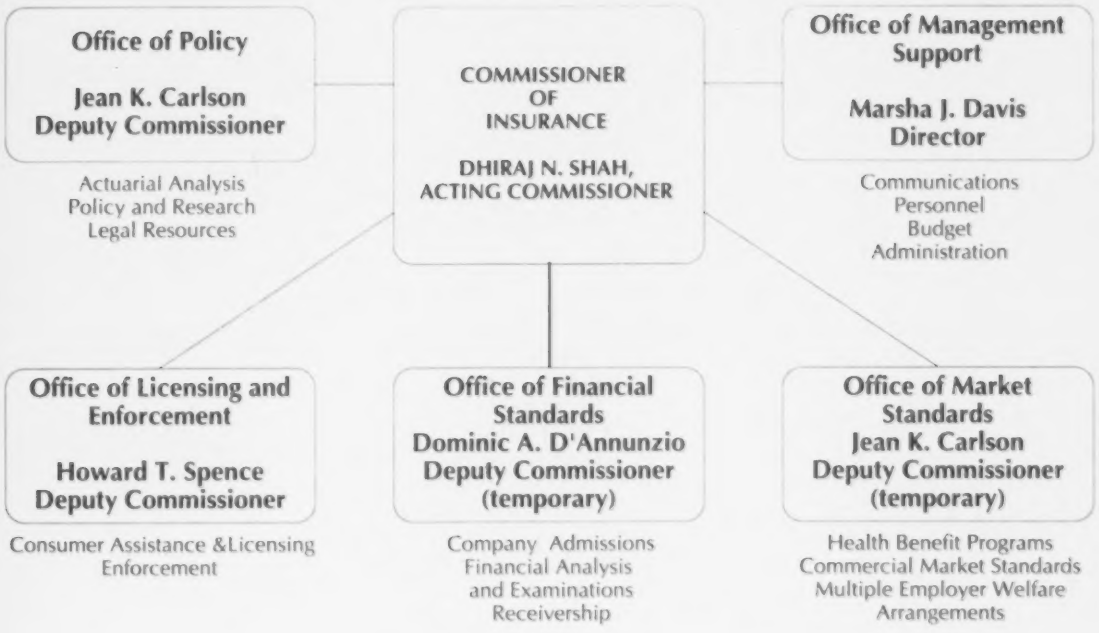
INSURANCE BUREAU ORGANIZATIONAL CHART



OFFICE OF FINANCIAL STANDARDS

The Office of Financial Standards is comprised of three major Divisions: Financial Analysis and Examinations, Company Admissions and Receivership.

Financial Analysis and Examinations Division

Financial Analysis Section

The Financial Analysis Section is responsible for conducting detailed financial and analytical reviews of approximately 1,500 companies that annually file financial statements with the Insurance Bureau. The section's 5 auditors also review quarterly financial statements for many companies. For each company, the auditors determine whether the company is financially sound and in compliance with various insurance statutes.

This year, the section took action against 12 financially troubled companies to protect Michigan policyholders. These actions included premium and policy count restrictions, suspensions, special deposits, and other voluntary restraints and corrective actions negotiated by the section's auditors and agreed to by the companies.

The Financial Analysis Section also administers the Premium Finance Act. To finance their insurance premiums, many Michigan residents borrow money from the 68 licensed premium finance companies. This year, the auditor responsible for premium finance companies conducted 14 on-site examinations of these companies. Frequently, the examinations resulted in fines to companies for violations of the Act and the recovery of overcharges to consumers.

Financial Examinations Section

The Financial Examinations Section conducts on-site financial examinations and compliance audits of 147 insurance companies and health care providers domiciled in Michigan. The section is also responsible for regulating 13 Canadian insurance companies entering the U.S. market through Michigan. In its examinations, the section's 29 examiners determine whether companies are financially sound and are in compliance with all relevant statutes. The section issues a public report on each company it examines. During the year, the section completed 30 regular and 3 special examinations, and kept its examination cycle to three years.

Company Admissions Division

The Company Admissions Division is responsible for the licensure of insurers and health maintenance organizations. Additional duties include collection of surplus lines taxes, maintenance of corporate and historical files, review of requests for additional authority, approval of acquisitions or corporate reorganizations of domestic insurers, and acceptance of service of procress served upon the Commissioner of Insurance as resident agent for foreign insurers.

Receivership Division

Insurance companies and health maintenance organizations doing business in Michigan which become insolvent are supervised by the Commissioner as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court. The Commissioner is empowered to appoint a deputy receiver to act as the Commissioner's agent and to employ counsel as may be necessary to administer the trust. The cost of such administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluation of claims filed by all interested parties, investment and conservation of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.

OFFICE OF LICENSING AND ENFORCEMENT

The Office of Licensing and Enforcement (OLE) is comprised of two Divisions: Consumer Assistance and Licensing (which contains the Consumer Assistance Section and the Licensing Section) and Enforcement (containing the Market Conduct and Investigation Section and Code Enforcement Section). OLE's primary mission is the protection of Michigan consumers from improper or unlawful conditions and/or practices which undermine their ability to receive the benefits of honest and fair insurance coverage. OLE staff are available to assist insurance consumers with problems and questions they may have relating to insurance in Michigan.

Consumer Assistance and Licensing Division (CALD)

The Consumer Assistance Section (CAS) assists consumers who have experienced problems with their insurance coverage or who have questions regarding insurance. In 1989, approximately 6,600 new complaints were initiated in CAS. (A complaint is a written statement expressing a grievance against a licensee--either an individual agent or company.) A staff member of CAS contacts the licensee about the particulars of the complaint, and the Section is often able to mediate disputes between the consumer and the insurance company to the advantage of the consumer.

CAS answered approximately 700 inquiries in 1989. (An inquiry is a written statement to which staff responds directly to the consumer and does not contact the licensee.) Staff conducted 243 personal consumer conferences and answered 36,800 telephone inquiries. During 1989, CAS staff also reviewed more than 18,000 files and closed 7,443 files. In addition to the administration of the Bureau's complaint process, CAS has responsibility for conducting informal reviews required under the Essential Insurance Act (EIA). In 1989, 45 such reviews were held. The Section received a combined total of 631 written and telephone complaints relating to the EIA, of which 396 were closed.

The Licensing Section of the Consumer Assistance and Licensing Division is responsible for the examination and licensure of all insurance agents and insurance-related practitioners, collection of license-related fees, and maintenance of license records. In August of 1989, the examination function was contracted out to Educational Testing Services (ETS). Prior to the contract, the Licensing Section administered exams to 9,178 candidates from the issuance of 14,432 exam admission tickets. After the contract was in place, ETS examined an additional 7,263 candidates.

The Licensing Section issued 9,866 licenses in 1989, and processed 73,113 Notices of Appointment and 51,994 appointment cancellations. In addition, the Licensing Section handled 38,245 telephone calls dealing with licensee and candidate questions regarding license and application statuses and procedures, address changes, certifications, license authority, etc. The Licensing Section was also responsible for billing and collecting $2,434,117.85 in renewal fees and $357,516.43 in other licensing related fees.

Enforcement Division

The Market Conduct and Investigations Section of the Enforcement Division is responsible for investigating consumer complaints where it is alleged that an individual licensee or company has violated the Insurance Code and its related laws. Complaints originate from various sources. The primary source of complaints come from other areas of the Insurance Bureau, such as a letter directed to the Commissioner of Insurance or from CAS. After review, a determination may be made that an Insurance Code violation exists.

A second source of MCAIS investigations is the insurance industry itself. Competing agents and insurance carriers contact MCAIS directly regarding the misconduct of other agents or employees within the industry. The most common types of complaints pursued by MCAIS are: consumers who thought they purchased insurance in good faith, but are not covered due to the fraud and deceit on the part of an agent; some type of breach of fiduciary responsibility; and misrepresentation on the part of the company or agent.

In 1989, MCAIS completed 2367 investigations, 133 of which were forwarded to the Code Enforcement Section for further administrative action.

The Code Enforcement Section is primarily responsible for the prosecution of administrative and compliance cases. During 1989, staff closed 229 files. Fifty-seven licensees were suspended or revoked and 13 licensees were placed on probation.

Assessments for civil penalties and market conduct fees totaled approximately $61,750. Thirty-eight orders of restitution were entered.

OFFICE OF MARKET STANDARDS

The Office of Market Standards consists of two divisions: Health Benefit Plans and Commercial Market Standards. The major function of the Office of Market Standards is the review of rates and forms used by insurers, other third-party payers (such as Blue Cross and Blue Shield of Michigan and Delta Dental) and health maintenance organizations. The Office also has responsibility for the regulation of multiple employer welfare arrangements (MEWAs) and for the review of provider class plans used by Blue Cross Blue Shield of Michigan.

Health Benefit Plans Division

The Health Benefit Plans Division consists of two sections, the Contract and Rate Analysis Section and the Multiple Employer Welfare Arrangements Section.

Contract and Rate Analysis Section

The Contract and Rate Analysis Section reviews rates and forms for nonprofit dental care corporations, and prepaid health plans. These include Blue Cross and Blue Shield of Michigan (BCBSM), Delta Dental Plan, health maintenance organizations (HMOs) and alternative health care financing and delivery systems (AFIDS). Nonprofit health care corporations are authorized under 1980 PA 350. Nonprofit dental care corporations are authorized under 1963 PA 125. HMOs and AFIDS are licensed under Public Health Code (1978 PA 368).

The purpose of the rate review is to determine if rates requested are appropriate, and in

compliance with standards included in the statute. The relationship between the rate and the coverages included in the appropriate certificate is also reviewed. Certificates are reviewed to determine if the coverage meets the criteria established in the statute and to determine if the certificates themselves are easily understandable. A careful review of certificates, before they are issued, is the first step in assuring that consumers are protected. Problems with certificates identified and corrected at this stage prevent consumers from being misled regarding the coverage that they are purchasing.

The Contract and Rate Analysis Section also has the responsibility to implement Part 5 of 1980 PA 350, the Nonprofit Health Care Corporation Reform Act, the enabling act for Blue Cross Blue Shield of Michigan. Part 5 states that BCBSM must develop plans for each class of provider that it contracts with for the provision of services to subscribers. The plans include the provider contract or reimbursement arrangement used for the provider class and quantified objectives for each of the three goals identified in Part 5.

The Contract and Rate Analysis Section conducts the Commissioner's review of plans submitted by BCBSM and also has the responsibility to conduct determinations of BCBSM's achievement of the goals for cost, quality and access included in Part 5. If BCBSM does not achieve the goals of Part 5 for a particular provider class plan, the Commissioner may require BCBSM to amend its plan for that provider class. If BCBSM fails to amend the plan as directed by the Commissioner to address the problems identified in the determination, the Commissioner may write a plan for the provider class and transmit it to BCBSM for implementation.

Multiple Employer Welfare Arrangements Section

The Multiple Employer Welfare Arrangement Section has the responsibility for all aspects of the regulation of MEWAs under Chapter 70 of the Insurance Code. Chapter 70 was added to the Code in 1986, and became effective on July 1, 1986, to authorize and regulate MEWAs and to allow these entities to be formed to provide various employee benefits.

The MEWA is a means by which an established association or group of employers in the same or similar industries can form a self-insurance pool to provide benefits to their employees. Generally, claim processing for the MEWA is handled by a third-party administrator (TPA) under contract with the MEWA.

MEWAs are especially attractive to firms with less than 10 employees. A MEWA can make possible a reduction of as much as 15% in such a firm's employee benefit costs. Small employers provide most of the employment and economic growth in the State, so reducing their employee benefit costs can have significant economic development benefits. During the past year, five MEWAs have been issued full certificates of authority and six MEWAs have temporary certificates of authority. Temporary certificates of authority allow associations to complete their organization during the period of time the MEWA staff is reviewing the association's financial and administrative structure and employee benefit plans. The MEWA Division is funded through an assessment on MEWAs regulated by the Bureau.

Commercial Market Standards

The Commercial Market Standards Division has the responsibility for the review of rates and forms for more than 1,300 commercial carriers operating in Michigan. The division's review of rates is to insure that rates are not too excessive, inadequate, or unfairly discriminatory and that benefits provided are reasonable in relation to the premium charged.

The Division is comprised of the Property and Liability and Life and Health Sections.

Property and Liability Section

The Property and Liability Section reviews rules, rates and policy forms for all property and liability coverages marketed by commercial insurers in Michigan. Special emphasis is given to personal automobile, homeowners, workers' compensation, medical malpractice, and liquor liability insurance coverage. The section acted on 13,086 filings this year. In addition, the section approved or disapproved 50,135 individual policy forms. In 1988, the section implemented a new filing procedures manual designed to expedite filing reviews. The new procedures have increased the efficiency of the section and resulted in the virtual elimination of a significant backlog. Insurers now receive the results of filings reviews within 30 days of receipt.

Life and Health Section

The Life and Health Section reviews rates and policy forms for life and health coverages offered by commercial carriers operating in the State. In addition to its review of rates and forms, the section also reviews advertising materials used by life and health carriers to ensure that it is not misleading or deceptive. Beginning January 1, 1988, information pertaining to all insurer policy form and rate filing submissions was computerized. This has allowed staff to determine the status of each submission at any point in time. There were 3,694 life and health policy form or rate filings consisting of 8,140 separate forms or rates in 1989.

The Senior Ombudsman is also located within the Commercial Market Standards Division. The Senior Ombudsman provides information to senior groups and investigates specific cases of insurance fraud or deceptive practices involving the provision of insurance to seniors. In 1989, the Senior Ombudsman addressed 72 senior groups totaling 3,160 citizens in an effort to provide seniors with information to assist them in securing appropriate insurance coverages.

OFFICE OF MANAGEMENT SUPPORT

The Office of Management Support provides the administrative services that form the infrastructure of the Insurance Bureau. Services are provided in the areas of budget, personnel, accounting, data processing resources, training, public relations and forms management.

The Office of Management Support publishes the Insurance Lines newsletter. Insurance Lines is a semi-annual review of Bureau topics and activity and is distributed free to interested persons.

OFFICE OF POLICY

The Office of Policy performs a variety of functions within the Insurance Bureau. Its major Divisions include Actuarial Analysis, Legal Resources and Research and Analysis.

Taken as a whole, these components of the Office of Policy work together to articulate a regulatory policy to be applied to the business of insurance, and join with other areas of the Insurance Bureau to enforce regulatory policy.

INSURANCE BUREAU RESPONSIBILITIES

Actuarial Analysis Division

Actuarial services such as analysis of selected rate filings and review of insurers' reserves are provided to other Insurance Bureau divisions by the Actuarial Analysis Division. This division also develops and maintains computerized information systems to monitor competition in the markets for many types of insurance and to audit insurers' annual financial statements.

Legal Resources Division

The Legal Resources Division works with the Commissioner to draft final decisions resulting from administrative hearings. These proceedings cover enforcement activities, filing disapprovals, appeals of Bureau actions and disputes between insurers and their policyholders. This division researches, develops and drafts declaratory rulings and regulations and performs legal research on policy questions.

Research and Analysis Division

The Research and Analysis Division provides research capability to the Commissioner. Staff in this division analyze current problems encountered by the Insurance Bureau in its regulatory role and develop recommendations for dealing with these problems. The division also analyzes proposed legislation, participates in implementing new statutes, and prepares reports to the Legislature which evaluate the impact of various law changes. In carrying out these functions, the Research and Analysis Division develops rules, bulletins, and guidelines which convey the Commissioner's policy positions and interpretations of the Insurance Code.

STATE ACCIDENT FUND

The State Accident Fund is a fund established pursuant to Chapter 7 of the Workers' Disability Compensation Act. Its purpose is to provide workers' compensation coverage to Michigan employers. The Fund was established through legislation passed in the First Extra Session of the 1912 Michigan Legislature.

Since its inception, the Fund has provided workers' compensation insurance to Michigan employers under the direction of the Commissioner. The Commissioner, acting with the State Treasurer, invests the reserves of the Fund and the Commissioner is the administrator of the Fund. There is also an Advisory Board made up of employer members of the Fund who provide the Commissioner with advice regarding its operation. Effective June 29, 1990, supervision of the Fund was transferred to its Executive Director, appointed by the Governor with the advice and consent of the Senate. Public Act 157 of 1990 also provides that the State Accident Fund is to be housed in the Michigan Department of Commerce.

Surplus Lines

The Bureau received surplus lines premium tax payments from agents totaling $5,185,882.86 and $1,025,771.72 from insureds on direct placements. These figures include surplus lines premium tax payments by risk retention and risk purchasing groups in 1989. Surplus lines taxes were generated by a total premium volume of $309,468,186.05.

Health Maintenance Organizations (HMO) and Alternative Health Care Financing and Delivery Systems (AFIDS)

Enrollment in HMOs decreased by 4,555 from approximately 1,426,000 members in 1988 to 1,421,611 at 12-31-89. Approximately 15.3% of Michigan's population were enrolled in an HMO at year-end 1989.

At year end, Michigan had 17 licensed HMOs. The Division received one HMO application during the year, which was in the licensure process at year end.

Entities licensed as AFIDS offer prepaid limited line capitation programs. Examples of these limited lines include, but are not limited to, prepaid dental or vision plans. In 1989 four new AFIDS were licensed, bringing the total to 18. Two applications were in the licensure process at the end of the year. Three AFIDS were removed from the list of licensed companies in 1989.

The following AFIDS were licensed in 1989:

ABOUT THE COMPANY LISTS

In response to many requests, the 1989 Annual Statistical Report will contain a listing of insurers authorized to write in Michigan as well as approved surplus lines carriers.

Please note that the Bureau has provided two separate company listings. One lists companies in alphabetical order by type of company. The second list companies in alphabetical order and identifies the company's NAIC number, type of company (from key on page 50), state of domicile, and address.

The lists are based on information provided to the Insurance Bureau and may have inaccurate or omitted information. Persons wishing to contact listed insurers are urged to verify addresses by contacting the insurer directly.

THE INSURANCE BUREAU IS NOT RESPONSIBLE FOR ANY LOSS CAUSED BY INCORRECT OR OMITTED INFORMATION. INFORMATION IS SUBJECT TO CHANGE WITHOUT NOTICE.

The next revision to the company listings will appear in the 1990 Insurance Bureau Annual Statistical Report, available in late summer, 1991.
